

**BEECH CREEK BRANCH LINE****Comment Form for Public Scoping Meeting  
February 10, 2009**

Thank you for joining us tonight to learn about environmental studies for the proposed reactivation of the Beech Creek Branch Line. An important component of the environmental clearance process is to gather and consider comments from the interested public. Please complete the information below and deposit this form in one of the collection boxes marked "Comment Forms".

1. In which municipality and county is your residence located?

Snow Shoe Twp. Village of Marsham

2. How did you learn about the meeting tonight?

FIVE years of following this mess.

3. Please tell us your comments about the information presented here tonight. (How well was the information presented; was it informative and understandable; were the consultants helpful in answering your questions; etc.)

4. What additional comments about the proposed rail reactivation would you like to add?

This is NO place for a landfill, industrial park, etc.  
This is a wilderness & recreational area and  
should be kept that way. The only people who  
want this development are Resource Recovery, a former  
& I present Rush Twp. Supervisor, & few businessmen  
with questionable motives
